ABOUT US

Bryn Mawr, a Welsh name that loosely translates to “big hill” or “high hill,” stands perched atop the Western crest of the breezy Eola-Amity Hills AVA. Our farming is centered on organic and regenerative practices, following LIVE Certified sustainable standards to foster biodiversity and healthy ecosystems amongst the rocky volcanic slopes of our estate vineyard. In winemaking, we value adaptability and calculated risk, limiting the use of oak and sulfur to showcase the transparent character of our vines. We continuously seek to harmonize time-honored traditions with playful innovations by crafting extraordinary and forward-thinking wines.

WINE

The Symonette Vineyard, planted in 1987, graces a gentle slope in the southwest corner of the Eola-Amity Hills AVA. Discovered by our winemaker, Rachel Rose, in 2008 after tasting it from another producer’s barrels, its rare and elusive qualities left a lasting impression. When the opportunity to purchase a small quantity of fruit from this site arose many years later, it felt a dream come true. Though we were only able to secure four rows of grapes, enough for just two barrels, the resulting wine is a stunning reflection of this storied site.

VINTAGE

The 2022 vintage was a rollercoaster of a season. It began with a frost event that affected many parts of the Willamette Valley. Our Estate was spared on account of our later-than-average budburst date, but most feared the loss of their entire crop. Thankfully, ample spring rains followed and contributed to bountiful yields across the Valley. We were then graced with one of the longest seasons in over a decade, one that lasted well into October with sunshine and 80 days without rain. It was an astonishing vintage and a winemaker’s dream.
