WILLAMETTE VALLEY · OREGON

ABOUT US

Bryn Mawr, a Welsh name that loosely translates to “big hill” or “high hill,” stands perched atop the Western crest of the breezy Eola-Amity Hills AVA. Our farming is centered on organic and regenerative practices, following LIVE Certified sustainable standards to foster biodiversity and healthy ecosystems amongst the rocky volcanic slopes of our estate vineyard. In winemaking, we value adaptability and calculated risk, limiting the use of oak and sulfur to showcase the transparent character of our vines. We continuously seek to harmonize time-honored traditions with playful innovations by crafting extraordinary and forward-thinking wines.

WINE

This wine showcases the fresh, aromatic qualities of Chardonnay grapes from the Willamette Valley. Upon harvesting, we ferment in barrels with just a touch of new oak and use ambient yeasts to create a textured Chardonnay that bursts with vibrant citrus notes and subtle, savory undertones.

VINTAGE

The 2023 vintage certainly kept us on our toes. Though a frigid early spring caused delayed budbreak, record-breaking temperatures through May led to the shortest phenological intervals ever seen in the Willamette Valley. Sporadic rains in June and rare thunderstorms in August kept the vines hydrated, but the rapid pace of the vintage continued unabated. Harvest came in all at once like an unstoppable tidal wave, giving our crews the busiest September we’ve ever had. Despite its rapid and unpredictable nature, meticulous yield management and adept winemaking yielded a diverse array of aromatic and well-balanced wines.

WINEMAKER’S IMPRESSIONS

Lemon — Cream — Fresh

VINEYARDS

70% – Eola-Amity Hills AVA. Willamette Valley. Oregon
30% – Van Duzer Corridor AVA. Willamette Valley. Oregon

WINEMAKING

Case Production: 1,250
Fermentation: Fermented in barrel using ambient yeast.
Aging: Sur lie aged 10 months in 15% new French oak.
ABV: 12.9%

Bottle Wt:

468g
